**UNITED THERAPEUTICS CORPORATION
1110 SPRING STREET
SILVER SPRING, MD 20910**

**PROXY STATEMENT
FOR
ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON JUNE 26, 2001**

This proxy statement is solicited on behalf of the Board of Directors in connection with the annual meeting of stockholders to be held on Tuesday, June 26, 2001 at 9:00 a.m. Eastern Time, at the Holiday Inn, 8777 Georgia Avenue, Silver Spring, Maryland 20910, and all adjournments thereof. This proxy statement along with the accompanying proxy card is being mailed to stockholders commencing on or about May 7, 2001.

PROXY PROCEDURE

If the enclosed proxy card is properly executed and returned prior to the meeting, the shares represented by the proxy card will be voted in accordance with the stockholder's directions or, if no directions are indicated, the shares will be voted in accordance with the recommendation of the Board of Directors as specified in this proxy statement. If the enclosed proxy is executed and returned to United Therapeutics, it nevertheless may be revoked at any time before it is exercised by (i) written notice to the Secretary of United Therapeutics at the company's principal executive offices at 1110 Spring Street, Silver Spring, MD 20910, (ii) by properly submitting to the Secretary at the company's principal executive offices a duly executed proxy bearing a later date, or (iii) by attending the meeting and voting in person.

PROXY SOLICITATION

All costs of solicitation of proxies will be borne by United Therapeutics. In addition to the solicitation of proxies by use of the mails, United Therapeutics may utilize the services of the officers and regular employees of United Therapeutics (who will receive no compensation therefor in addition to their regular salaries) to solicit proxies personally and by telephone. United Therapeutics will request banks, brokers, custodians, nominees and fiduciaries to forward copies of the proxy solicitation materials to beneficial owners and to request authority for the execution of proxies. United Therapeutics will reimburse such persons or entities for their expenses in doing so.

VOTING AT MEETING

Only holders of record of the common stock of United Therapeutics at the close of business on April 30, 2001 are entitled to notice of, and to vote either in person or by proxy, at the annual meeting. At the close of business on April 30, 2001, there were 20,253,587 shares of common stock outstanding. Each share of common stock held of record as of the record date is entitled to one vote on each matter submitted to a vote at a meeting of stockholders.

A majority of the outstanding shares of common stock on the record date, present in person or by proxy, will constitute a quorum for the transaction of business at the annual meeting. Shares of common stock represented by proxies that are marked "without authority," with respect to the election of any one or more nominees for election as directors, or that abstain from voting, will be counted for the purpose of determining whether there is a quorum for the transaction of business at the annual meeting. Broker non-votes will be treated as not represented at the annual meeting as to any matter for which a non-vote is indicated on the broker's proxy.

The affirmative vote of a plurality of the shares present in person or represented by proxy at the annual meeting is required to elect directors. "Plurality" means that the nominees who receive the largest number of votes cast are elected as directors up to the maximum number of directors to be elected at the annual meeting. Consequently, any shares represented at the annual meeting but not voted for any reason have no impact on the election of directors.

ELECTION OF DIRECTORS

United Therapeutics' Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws provide that the Board of Directors shall consist of not less than five and not more than twenty directors, the exact number to be determined from time to time by resolution of the Board of Directors. By resolution, the Board of Directors has currently set the number of directors at nine. The Amended and Restated Certificate of Incorporation also provides for a classified Board of Directors divided into three classes whose terms expire at different times. At the annual meeting, three Class II directors will be elected to the Board of Directors. Each Class II director will be elected to serve a term of three years expiring in 2004.

The Board of Directors has no reason to doubt the availability of its nominees, and each nominee has indicated a willingness to serve if elected. If any nominee declines or is unable to serve for any reason, it is intended that, at the discretion of the Board of Directors, the Board of Directors will appoint a replacement director or the size of the Board will be reduced. Stockholders voting at the annual meeting may not vote for more than the number of nominees listed in the enclosed proxy.

The persons named on the enclosed proxy card intend to vote such proxy for the election of the three nominees named below as Class II directors of United Therapeutics, unless the stockholder indicates on the proxy card that the vote should be withheld or contrary directions are indicated. If the proxy card is signed and returned without any direction given, shares of stock represented by the proxy will be voted FOR the election of the three nominees named on the proxy card.

Amounts reported in the potential realizable value column above are hypothetical values that may be realized upon exercise of the options immediately prior to the expiration of their term, calculated by assuming that the stock price on the date of grant as determined by the Board of Directors appreciates at the indicated annual rate compounded annually for the entire term of the option (10 years). The 5% and 10% assumed rates of appreciation are mandated by the rules of the Securities and Exchange Commission and do not represent United Therapeutics' estimate or projection of the future common stock price.

In the following table, the value of unexercised in-the-money options at December 31, 2000 is based on the closing bid price of \$14.75 on December 29, 2000 (the last business day prior to the end of the fiscal year)

less the exercise price, without taking into account any taxes that may be payable in connection with the transaction, multiplied by the number of shares underlying the option.

The annual salary specified in the agreement was increased from \$180,000 to \$250,000 on February 1, 2000 in accordance with the terms of the agreement. Ms. Rothblatt is entitled to bonuses for each year of the initial term of the agreement in the form of stock options, in addition to other discretionary bonuses that may be awarded by the Board of Directors. As amended in December 2000, the agreement provides that Ms. Rothblatt will receive an option to purchase the number of shares of common stock equal to .06 percent of the increase in the company's market capitalization from its average in December each year (commencing December 2000). These options will be awarded pursuant to the Amended and Restated Equity Incentive Plan and will be fully exercisable on the date of grant. The options will have an exercise price equal to or exceeding the fair market value of a share of United Therapeutics' common stock on the date of grant. The options are exercisable over five years if Ms. Rothblatt is a 10% or greater stockholder on the date of grant, or 10 years otherwise. The maximum number of shares reserved for such grants is 7,939,517 and the maximum number that may be granted in any one calendar year may not exceed 500,000 shares in 2000, 701,353 shares in 2001, 681,434 shares in 2002, 2,757,832 shares in 2003 and 3,298,898 shares in 2004.

If Ms. Rothblatt's employment is terminated due to her death or disability, the company will continue to pay to Ms. Rothblatt or her estate her current base salary through the end of the calendar year following such death or disability, and if her employment is terminated for disability, United Therapeutics will pay for continued benefits under its short-term and long-term disability insurance programs. If Ms. Rothblatt's employment is terminated by United Therapeutics other than for cause, or if Ms. Rothblatt terminates her employment for good reason, as these terms are defined in the agreement, including circumstances involving a change in control of United Therapeutics, she will be entitled to a lump sum cash payment equal to the sum of:

- Her current base salary plus any bonus and incentive payments which have been earned through the date of termination;
- The greater of her bonus and incentive payments for the prior year or the average of such payments for the prior two years, on a prorated basis for the year of termination;
- Three times the sum of her highest annual base salary for the preceding 12 months and the greater of her previous year's bonus and incentive payment or the average of those payments for the previous two years; and
- The difference between the fair market price and the exercise price of any non-vested options held by Ms. Rothblatt.

In addition, Ms. Rothblatt will receive certain employee and retirement benefits. The agreement prohibits Ms. Rothblatt from engaging in activities competitive with the company for five years following termination of her employment.

United Therapeutics has entered into employment agreements with each of Drs. Crow, Cloutier and Jeffs and Mr. Blackburn. Dr. Crow's agreement was amended in April 2001 to expire in April 2002 and provide that Dr. Crow will work on a part-time basis as President Emeritus with an annual base salary of \$100,000. Dr. Cloutier's agreement was amended in April 2001 to expire in April 2002 and provide that Dr. Cloutier will work on a part-time basis as Executive Vice President, Special Projects, with an annual base salary of \$58,500. Dr. Cloutier's agreement provides that if he is terminated as a result of a change in control of the company, then he shall be entitled to a lump sum payment for the base salary for his time remaining under the agreement. The term of Mr. Blackburn's agreement ends on August 1, 2003, and provides for an annual base salary of at least \$100,000. The term of Dr. Jeffs' agreement ends in June 2006, and provides for an annual base salary of at least \$250,000. Dr. Jeff's agreement provides that if he is terminated as a result of a change in control of the company, then he shall generally be entitled to a lump sum payment for the base salary for his time remaining under the agreement and any unvested options would immediately become vested. Each of the agreements with Drs. Crow, Cloutier and Jeffs, and Mr. Blackburn, also provides for an automatic annual renewal unless either party terminates with at least 30 days notice to the other party. In addition, each of the agreements provides that if the employee is terminated by United Therapeutics other than for cause, or if the employee terminates the agreement for good reason, as those terms are defined in the agreements, the employee is entitled to his base salary through the full term of the agreement. Furthermore, each of these agreements prohibits Drs. Crow, Cloutier and Jeffs, and Mr. Blackburn from accepting employment, consultancy or other business relationships with a competitor of United Therapeutics for twelve months following his last receipt of compensation from United Therapeutics.

REPORT OF THE COMPENSATION COMMITTEE

United Therapeutics' executive compensation program is administered by the Compensation Committee. In addition to base salary, compensation for United Therapeutics' executive officers may include annual performance bonuses, stock options pursuant to the Amended and Restated Equity Incentive Plan and otherwise. It is the intention of the Compensation Committee to use salary and bonuses as compensation for current and past performance, while using stock options and restricted stock grants to provide incentives for superior long-term performance. To establish compensation for executive officers of United Therapeutics, the Compensation Committee uses subjective performance evaluations, and with respect to executive officers other than Ms. Rothblatt, the salary and bonus recommendations of Ms. Rothblatt.

Ms. Rothblatt's 2000 compensation was determined in accordance with her Executive Employment Agreement. Each of the other named executive officers also has an employment agreement with the company. In 2000, Ms. Rothblatt and each of the other executive officers received a cash bonus in an amount equal to 6% of his or her base salary, which bonus was based upon the achievement of certain development and performance goals by the company in 2000, plus an additional amount determined by the Compensation Committee based on each person's individual accomplishments made during 2000.

REPORT OF THE AUDIT COMMITTEE

United Therapeutics' Audit Committee is currently composed of three independent directors and operated under a written charter adopted by the Board of Directors. A copy of the charter is attached as an appendix to this proxy statement.

The Audit Committee has met and held discussions with United Therapeutics' management and with the company's independent accountants, KPMG LLP. The Audit Committee has reviewed and discussed the consolidated financial statements of United Therapeutics for 2000 with company management. The Audit Committee has discussed with KPMG matters required to be discussed by generally accepted auditing standards, including standards set forth in Statement on Auditing Standards No. 61.

KPMG also provided to the Audit Committee the written disclosures regarding its independence required by Independence Standards Board Standard No. 1, and the Audit Committee has discussed with KPMG its independence.

Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements for 2000 be included in United Therapeutics' Annual Report on Form 10-K for the year ended December 31, 2000 filed with the Securities and Exchange Commission.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Unither Telemedicine Services Corporation, a subsidiary of United Therapeutics, entered into a lease for office space with Beacon Projects in March 1999. Ms. Rothblatt is the President and owner of Beacon Projects. The lease expired in 2001 and is being renewed month-to-month. The Board of Directors approved this transaction based on an independent appraisal and without the participation of Ms. Rothblatt. The lease was amended to include an additional facility owned by Beacon Projects. Payments under the amended lease are approximately \$96,000 annually and the amended lease is being renewed on a month-to-month basis. United Therapeutics believes that the terms of these transactions were at least as favorable as terms it could have obtained in arm's length transactions with an independent third party.

Each of Ms. Rothblatt, Paul A. Mahon, General Counsel and Assistant Secretary of United Therapeutics, and Christopher Patusky, an officer of the company's telemedicine subsidiary, is a principal of the law firm Mahon Patusky Rothblatt & Fisher, Chartered, which United Therapeutics has retained in the past and intends to retain in the future. United Therapeutics paid the law firm approximately \$555,000 during the year ended December 31, 2000. Ms. Rothblatt does not receive compensation from the law firm.

In 1998, United Therapeutics entered into a cooperative drug discovery agreement with William Harvey Research Limited. United Therapeutics paid approximately \$347,000 during the year ended December 31, 2000 under this agreement. Under the agreement, United Therapeutics is required to pay William Harvey a royalty equal to 10% of net sales and license fees that the company earns from discoveries of William Harvey. Ms. Rothblatt is president of William Harvey Medical Research Foundation, an affiliate of William Harvey Research Limited.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires United Therapeutics' directors and executive officers and persons who own beneficially more than ten percent of any class of equity securities of the company to file with the Securities and Exchange Commission initial reports of such ownership and reports of changes in such ownership. Officers, directors and such beneficial owners are required by Securities and Exchange Commission regulation to furnish United Therapeutics with copies of all Section 16(a) forms they file.

To United Therapeutics' knowledge, based solely on review of the copies of such reports furnished to the company, during the fiscal year ended December 31, 2000, the company's directors, executive officers and greater than ten percent beneficial owners complied with all Section 16(a) filing requirements applicable to them, except that Wayne Roe filed a late Form 3.

INDEPENDENT AUDITORS

United Therapeutics is presently utilizing the services of KPMG LLP, which has been the company's independent auditors since 1997 and will serve as the company's independent auditors for the fiscal year ended December 31, 2001. Representatives of KPMG LLP will be present at the annual meeting, will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

INDEPENDENT AUDITORS' FEES

For fiscal 2000 services, United Therapeutics paid KPMG LLP the following fees:

- Audit Fees: \$95,000 for services rendered for the review of United Therapeutics' quarterly financial statements and audit of United Therapeutics' annual financial statements for fiscal 2000.
- Financial Information Systems Design and Implementation Fees: There were no services rendered related to information systems.
- All Other Fees: \$108,000 for all other matters.

United Therapeutics' Audit Committee has considered and determined that the provision of non-audit services by KPMG is compatible with maintaining KPMG's independence.

STOCKHOLDER PROPOSALS AND DIRECTOR NOMINATIONS

Stockholder proposals intended for inclusion in United Therapeutics' proxy statement and form of proxy for the 2002 annual stockholders meeting must be received by United Therapeutics no later than January 7, 2002. Upon receipt of any stockholder's proposal, United Therapeutics will determine whether to include the proposal in the proxy statement and form of proxy in accordance with the regulations governing solicitation of proxies.

In order for a stockholder to nominate a director for election at the 2002 annual stockholders meeting, the company's Amended and Restated Bylaws require that the stockholder give timely notice of the nomination to the company in advance of the meeting. Such notice must be given not less than 90 days nor more than 120 days prior to the anniversary date of the 2001 annual meeting of stockholders.

In order for a stockholder to bring other business before the 2002 annual stockholders meeting, timely notice must be given to United Therapeutics in advance of the meeting. Such notice must be given no less than 90 nor more than 120 days prior to the anniversary date of the 2001 meeting, and must include a description of the proposed business, the reason for conducting the proposed business at the meeting and other matters as specified in United Therapeutics' Amended and Restated Bylaws. These requirements are separate from and in addition to the requirements a stockholder must meet to have a proposal included in United Therapeutics' proxy statement. These time limits also apply in determining whether notice is timely for purposes of rules adopted by the Securities and Exchange Commission relating to the exercise of discretionary voting authority by proxies designated by the company.

All notices of proposals must be given to United Therapeutics' Secretary, Shelmer D. Blackburn, Jr., whose address is 1110 Spring Street, Silver Spring, MD 20910.

The company will furnish a copy of United Therapeutics' Amended and Restated Certificate of Incorporation or Amended and Restated Bylaws to any stockholder without charge upon written request to the Secretary by the stockholder.

OTHER MATTERS

The Board of Directors knows of no other matters to be presented for consideration at the annual meeting. If any other matter properly comes before the meeting, the persons named in the accompanying proxy intend to vote on such matters in accordance with their judgment.

UNITED THERAPEUTICS CORPORATION

CHARTER OF THE AUDIT COMMITTEE

The Board of Directors of United Therapeutics Corporation (the "Company") hereby adopts this charter to govern the composition of its Audit Committee (the "Committee") and the scope of the Committee's duties and responsibilities, and to set forth specific actions the Board of Directors expects the Committee to undertake to fulfill those duties and responsibilities.

I. STATEMENT OF PURPOSE

The Committee will assist the Board of Directors in overseeing and monitoring the Company's financial reporting process. The duties of the Committee are ones of oversight and supervision. It is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. The primary responsibility for the Company's financial statements and internal controls rests with senior management. Similarly, it is not the duty of the Committee to conduct investigations or to assure compliance with laws and regulations or the Company's compliance programs. The Board of Directors recognizes that the Committee will rely on the advice and information it receives from the Company's management and independent auditors. The Board expects that the Committee will maintain free and open communication with the other directors, the Company's independent and internal auditors and the financial management of the Company.

II. COMPOSITION OF THE AUDIT COMMITTEE

The Committee shall be comprised of at least three members of the Board of Directors, with the number of members to be determined from time to time by the Board. The members shall be designated by the Board of Directors, and each of them shall, in the judgment of the Board, be independent of management, as that term is defined by Rule 4200 of the Nasdaq National Market Rules, and free from any relationship that, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Each member of the Committee shall, in the judgment of the Board, be able to read and understand fundamental financial statements or will be able to do so within a reasonable period of time after his or her appointment to the Committee. In addition, the Committee shall include at least one person who, in the judgment of the Board, has past employment experience in finance or accounting, requisite professional certification in accounting or any other comparable experience or background which results in the individual's financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities.

Unless the Board has previously designated the Chair, the members of the Committee may designate a Chair by majority vote.

III. MEETINGS

The Committee shall meet at least two (2) times annually, or more frequently as the Committee may from time to time determine may be appropriate. One or more of these meetings shall include separate executive sessions with the Company's Chief Financial Officer and the independent auditors. Unless, in the Committee's judgment, circumstances dictate otherwise, the meetings shall occur in advance of the annual audit and prior to the filing of the Company's Annual Report on Form 10-K.

IV. DUTIES AND RESPONSIBILITIES OF THE AUDIT COMMITTEE.

The duties and responsibilities of the Committee shall include the following:

A. INDEPENDENT AUDITORS

1. Receive the written disclosures and letter from the Company's independent auditors contemplated by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, as may be modified or supplemented, and discuss with the auditors any issues required to be discussed regarding their objectivity and independence.
2. Annually evaluate the qualifications and prior performance of the Company's current independent auditors. Based on the representations regarding independence and the results of such evaluation, determine whether to recommend to the Board of Directors that the independent auditors should be reappointed or replaced. If a determination is made to recommend that the current independent auditors should be replaced, recommend to the Board of Directors such replacement.
3. Meet with the independent auditors and financial management of the Company in advance of the annual audit to review its proposed scope, the proposed scope of the quarterly reviews, and the procedures to be followed in conducting the audit and the reviews.
4. Approve the compensation of the independent auditors.
5. Review with the independent auditors any matters required to be discussed by Statement of Auditing Standards No. 61, as may be modified or supplemented.
6. Review and discuss the Company's financial statements proposed to be included in the Company's Annual Report on Form 10-K with the Company's financial management and independent auditors. Receive assurances from financial management and the auditors that such financial statements contain no material misstatements or omissions. If deemed appropriate, after consideration of the reviews and assurances, including, without limitation, pursuant to Section IV.A.1 above, recommend to the Board of Directors that the financial statements be included in the Annual Report on Form 10-K.
7. Review and discuss the Company's financial statements contained in the Company's Quarterly Reports on Form 10-Q with the Company's financial management and independent auditors. Receive assurances from the Company's financial management that the financial statements included in the Company's reports do not contain any material misstatements or omissions, and receive assurances that the independent auditors learned of no material misstatements or omissions in the course of their review of such financial statements.
8. Discuss at least annually with the Company's independent auditors the adequacy and effectiveness of the Company's internal controls. Review the management letter issued by the independent auditors and management's response thereto. Periodically assess action management has taken or progress it has made in addressing issues raised by the independent auditors.

B. MANAGEMENT

1. Review all related party transactions and potential conflict of interest situations involving the Company's principal stockholders or members of the Board of Directors or senior management.
2. Prepare the disclosure required of this Committee by S-K Item 306 of the Securities and Exchange Commission regulations to be included in the Company's annual proxy statement.
3. Review this charter on an annual basis and make recommendations to the Board of Directors concerning any changes deemed appropriate.
