**PROXY STATEMENT
FOR
ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON JUNE 26, 2002**

This proxy statement is solicited on behalf of the Board of Directors in connection with the annual meeting of stockholders to be held on Wednesday, June 26, 2002 at 9:00 a.m. Eastern Time, at the Hilton Melbourne Beach Oceanfront, 3003 North Highway A1A, Indialantic, Florida 32903, and all adjournments thereof. This proxy statement along with the accompanying proxy card is being mailed to stockholders commencing on or about May 6, 2002.

PROXY PROCEDURE

If the enclosed proxy card is properly executed and returned prior to the meeting, the shares represented by the proxy card will be voted in accordance with the stockholder's directions or, if no directions are indicated, the shares will be voted in accordance with the recommendation of the Board of Directors as specified in this proxy statement. If the enclosed proxy is executed and returned to United Therapeutics, it nevertheless may be revoked at any time before it is exercised by (i) written notice to the Corporate Secretary of United Therapeutics at the company's principal executive offices at 1110 Spring Street, Silver Spring, Maryland 20910, (ii) by properly submitting to the Corporate Secretary at the company's principal executive offices a duly executed proxy bearing a later date, or (iii) by attending the meeting and voting in person.

PROXY SOLICITATION

All costs of solicitation of proxies will be borne by United Therapeutics. In addition to the solicitation of proxies by use of the mails, United Therapeutics may utilize the services of the officers and regular employees of United Therapeutics (who will receive no compensation therefore in addition to their regular salaries) to solicit proxies personally and by telephone. United Therapeutics will request banks, brokers, custodians, nominees and fiduciaries to forward copies of the proxy solicitation materials to beneficial owners and to request authority for the execution of proxies. United Therapeutics will reimburse such persons or entities for their expenses in doing so.

VOTING AT MEETING

Only holders of record of the common stock of United Therapeutics at the close of business on April 29, 2002 are entitled to notice of, and to vote either in person or by proxy, at the annual meeting. At the close of business on April 29, 2002, there were 20,225,220 shares of common stock outstanding. Each share of common stock held as of the record date is entitled to one vote on each matter submitted to a vote at a meeting of stockholders.

A majority of the outstanding shares of common stock on the record date, present in person or by proxy, will constitute a quorum for the transaction of business at the annual meeting. Shares of common stock represented by proxies that are marked "without authority" with respect to the election of any one or more nominees for election as directors, or that abstain from voting, will be counted for the purpose of determining whether there is a quorum for the transaction of business at the annual meeting. Broker non-votes will be treated as not represented at the annual meeting as to any matter for which a non-vote is indicated on the broker's proxy.

The affirmative vote of a plurality of the shares present in person or represented by proxy at the annual meeting is required to elect directors. "Plurality" means that the nominees who receive the largest number of votes cast are elected as directors up to the maximum number of directors to be elected at the annual meeting. Consequently, any shares represented at the annual meeting but not voted for any reason have no impact on the election of directors.

ELECTION OF DIRECTORS

United Therapeutics' Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws provide that the Board of Directors shall consist of not less than five and not more than twenty directors, the exact number to be determined from time to time by resolution of the Board of Directors. By resolution, the Board of Directors has currently set the number of directors at seven. The Amended and Restated Certificate of Incorporation also provides for a classified Board of Directors divided into three classes whose terms expire at different times. At the annual meeting, two Class III directors will be elected to the Board of Directors. Each Class III director will be elected to serve a term of three years expiring in 2005.

The Board of Directors has no reason to doubt the availability of its nominees, and each nominee has indicated a willingness to serve if elected. If any nominee declines or is unable to serve for any reason, it is intended that, at the discretion of the Board of Directors, the Board of Directors will appoint a replacement director or the size of the Board will be reduced. Stockholders voting at the annual meeting may not vote for more than the number of nominees listed in this proxy statement.

The persons named on the enclosed proxy card intend to vote such proxy for the election of the two nominees named below as Class III directors of United Therapeutics, unless the stockholder indicates on the proxy card that the vote should be withheld or contrary directions are indicated. If the proxy card is signed and returned without any direction given, shares of stock represented by the proxy will be voted FOR the election of the two nominees named on the proxy card. Neither nominee for election has yet served on the Board of Directors.

STOCK OPTION GRANTS AND EXERCISES

The following tables show for the year ended December 31, 2001 certain information regarding options granted to, and held at year-end by, the named executive officers. Each of the options listed in the table below was granted pursuant to United Therapeutics' Amended and Restated Equity Incentive Plan. The percentages shown in the first table are based on an aggregate of 624,930 options granted to employees in 2001, including the named executive officers. The exercise price per share of each option was equal to the fair market value of the common stock on the date of grant.

Amounts reported in the potential realizable value column above are hypothetical values that may be realized upon exercise of the options immediately prior to the expiration of their term, calculated by assuming that the stock price on the date of grant as determined by the Board of Directors appreciates at the indicated annual rate compounded annually for the entire term of the option (10 years). The 5% and 10% assumed rates of appreciation are mandated by the rules of the Securities and Exchange Commission and do not represent United Therapeutics' estimate or projection of the future common stock price.

In the following table, the value of unexercised in-the-money options at December 31, 2001 is based on the closing bid price of \$10.43, less the exercise price, without taking into account any taxes that may be payable in connection with the transaction, multiplied by the number of shares underlying the option.

EXECUTIVE OFFICER EMPLOYMENT AGREEMENTS

In April 1999, United Therapeutics entered into an Executive Employment Agreement with Martine A. Rothblatt, its Chief Executive Officer. The employment agreement provides for an initial five-year term ending on December 31, 2004, and automatically renews for successive one-year periods after each year, unless either party terminates the agreement. The annual salary specified in the agreement was increased from \$180,000 to \$250,000 on February 1, 2000 in accordance with the terms of the agreement. Dr. Rothblatt is entitled to bonuses for each year of the initial term of the agreement in the form of stock options, in addition to other discretionary bonuses that may be awarded by the Board of Directors. As amended in December 2000, the agreement provides that Dr. Rothblatt will receive an option to purchase the number of shares of common stock equal to .06 percent of the increase in the company's market capitalization from its average in December each year (commencing December 2000). These options will be awarded pursuant to the Amended and Restated Equity Incentive Plan and will be fully exercisable on the date of grant. The options will have an exercise price equal to or exceeding the fair market value of a share of United Therapeutics' common stock on the date of grant. The options are exercisable over five years if Dr. Rothblatt is a 10% or greater stockholder on the date of grant, or 10 years otherwise. The maximum number of shares reserved for such grants is 7,939,517 and the maximum number that may be granted in any one calendar year may not exceed 500,000 shares in 2000, 701,353 shares in 2001, 681,434 shares in 2002, 2,757,832 shares in 2003 and 3,298,898 shares in 2004.

If Dr. Rothblatt's employment is terminated due to her death or disability, the company will continue to pay to Dr. Rothblatt or her estate her current base salary through the end of the calendar year following such death or disability, and if her employment is terminated for disability, United Therapeutics will pay for continued benefits under its short-term and long-term disability insurance programs. If Dr. Rothblatt's employment is terminated by United Therapeutics other than for cause, or if Dr. Rothblatt terminates her employment for good reason, as these terms are defined in the agreement, including circumstances involving a change in control of United Therapeutics, she will be entitled to a lump sum cash payment equal to the sum of:

- Her current base salary plus any bonus and incentive payments which have been earned through the date of termination;
- The greater of her bonus and incentive payments for the prior year or the average of such payments for the prior two years, on a prorated basis for the year of termination;
- Three times the sum of her highest annual base salary for the preceding 12 months and the greater of her previous year's bonus and incentive payment or the average of those payments for the previous two years; and
- The difference between the fair market price and the exercise price of any non-vested options held by Dr. Rothblatt.

In addition, Dr. Rothblatt will receive certain employee and retirement benefits. The agreement prohibits Dr. Rothblatt from engaging in activities competitive with the company for five years following termination of her employment.

United Therapeutics has entered into employment agreements with each of Drs. Jeffs and Kanarek and Messrs. Balda and Blackburn. The term of Dr. Jeffs' agreement ends in June 2006, and provides for an annual base salary of at least \$250,000. Dr. Jeff's agreement provides that if he is terminated as a result of a change in control of the company, then he shall generally be entitled to a lump sum payment for the base salary for his time remaining under the agreement and any unvested options would immediately become vested. The term of Dr. Kanarek's agreement ends on October 1, 2004 and provides for an annual base salary of at least \$210,000. The term of Mr. Blackburn's agreement ends on August 1, 2003, and provides for an annual base salary of at least \$100,000 but was terminated early in January 2002. The term of the Balda's agreement ends on January 2, 2006 and provides for an annual base salary of at least \$200,000. Each of the agreements with Drs. Jeffs and Kanarek and Mr. Balda also provides for an automatic annual renewal unless either party terminates with notice, ranging from 30 to 90 days, to the other party. In addition, each of the agreements provides that if the employee is terminated by United Therapeutics other than for cause, or if the employee terminates the agreement for good reason, as those terms are defined in the agreements, the employee is entitled to his base salary through the full term of the agreement. Furthermore, each of these agreements prohibits Drs. Jeffs and Kanarek and Mr. Balda from accepting employment, consultancy or other business relationships with a competitor of United Therapeutics for twelve months following his last receipt of compensation from United Therapeutics.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors is composed of independent, non-employee directors. The current members of the Compensation Committee are Mr. Miles and Dr. Gooray. The Committee has responsibility for developing and implementing United Therapeutics' compensation policy for senior management including the Chief Executive Officer. The goal of the Compensation Committee is to achieve fair compensation for the individuals and to enhance shareholder value by continuing to closely align the financial rewards of management with those of United Therapeutics' shareholders. United Therapeutics' stock incentive plans are also administered by the Compensation Committee.

CRITERIA FOR COMPENSATION LEVELS

United Therapeutics seeks to attract and retain qualified and experienced executives and employees. The Committee attempts to create and administer a compensation program to achieve that goal consistently among executives and employees. In addition to base salary, compensation for United Therapeutics' executive officers may include performance bonuses and stock option awards. It is the intention of the Compensation Committee to use salary and cash bonuses as compensation for current and past performance, while using stock options to provide incentives for long-term performance.

In establishing the level of compensation for each executive officer, the Compensation Committee considers many factors, including the executive officer's performance, contribution to the advancement of corporate objectives, impact on financial results, development of the management team, strategic accomplishments, and the competitiveness and fairness of the compensation. The amount of the base compensation, discretionary cash bonuses and long-term incentive compensation for each executive officer is determined by the Compensation Committee using the factors set forth above and, with respect to executive officers other than the Chief Executive Officer, the recommendations of the Chief Executive Officer.

Dr. Rothblatt and all other executive officers receive base salary and salary increases in accordance with the terms of their employment agreements and such additional compensation as determined by the Compensation Committee using the factors set forth above.

In addition, in 2001, Dr. Rothblatt and each of the other executive officers received a cash bonus in an amount equal to approximately 3% of his or her base salary and a stock option award based upon the achievement of certain performance goals by United Therapeutics in 2001.

COMPENSATION OF CEO

In 2001, Dr. Rothblatt received salary of \$296,275 and bonuses consisting of \$12,641 in cash and 7,200 stock options.

REPORT OF THE AUDIT COMMITTEE

United Therapeutics' Audit Committee is comprised of three independent directors. The Audit Committee operates under a written charter that was adopted by United Therapeutics' Board of Directors.

The Audit Committee has met and held discussions with management and KPMG LLP, the independent auditors. The Audit Committee has reviewed and discussed United Therapeutics' 2001 consolidated financial statements with company management and KPMG LLP. The Audit Committee has discussed with KPMG matters that are required to be discussed by generally accepted auditing standards, including those standards set forth in Statement on Auditing Standards No. 61.

KPMG LLP also provided to the Audit Committee the written disclosures regarding its independence required by Independence Standards Board Standard No.

1. The Audit Committee has reviewed and discussed auditor independence with KPMG LLP.

Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements for 2001 be included in United Therapeutics' Annual Report on Form 10-K for the year ended December 31, 2001 filed with the Securities and Exchange Commission and that KPMG LLP be reappointed as United Therapeutics' auditors for 2002.

STOCK PRICE PERFORMANCE

The graph below compares cumulative total stockholder return with the cumulative returns (assuming reinvestment of dividends) of the Nasdaq US Stock Market Index, the Nasdaq Pharmaceutical Stocks Index, the Standard & Poor's Midcap 400 Index and the Standard & Poor's Biotechnology Index. United Therapeutics is transitioning from a comparison to the Standard & Poor's Midcap 400 Index and the Standard & Poor's Biotechnology Index to the Nasdaq US Stock Market Index and the Nasdaq Pharmaceutical Stocks Index as United Therapeutics is a Nasdaq traded company and the majority of its peer biotechnology companies are also Nasdaq traded companies. Hence, the Nasdaq indices are a more representative comparison of United Therapeutics' total stockholder return. The information on the graph covers the period from June 17, 1999 (the date United Therapeutics' common stock began trading pursuant to the company's initial public offering) through December 31, 2001. The stock price information shown on the graph below is not necessarily indicative of future stock price performance.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In April 2002, United Therapeutics agreed to loan \$1.3 million to Dr. Roger Jeffs to purchase his primary residence. The loan will be repaid at the end of five years or earlier, in part or in full, if Dr. Jeffs obtains a mortgage on the property, exercises and sells any United Therapeutics stock options, sells any United Therapeutics stock, or sells the property. Interest of 6.5 percent per year will accrue on the note. The loan is secured by the property and the United Therapeutics stock that Dr. Jeffs owns. The Audit and Compensation

Committees of the Board of Directors, as well as the full Board of Directors, approved this transaction without the participation of Dr. Jeffs.

In 2001, United Therapeutics entered into a marketing agreement with a company owned by Raymond Kurzweil who was appointed as a Director of United Therapeutics effective January 3, 2002. Pursuant to this agreement, United Therapeutics will pay approximately \$30,000 annually. United Therapeutics also entered into an agreement in 2001 with Mr. Kurzweil to provide strategic consulting services in the field of telemedicine. Pursuant to this agreement, United Therapeutics will pay approximately \$10,000 annually.

In 2000, United Therapeutics entered into a research agreement with University of Oxford and an agreement for consulting services with Oxford University Consulting with respect to the development of United Therapeutics' iminosugar platform. United Therapeutics paid approximately \$537,000 during the year ended December 31, 2001 under these agreements. Under the research agreement, United Therapeutics is required to pay the University of Oxford a royalty equal to 1.5% percent of net sales of products arising from the research, less certain offsets. Professor Raymond Dwek, who has been nominated by United Therapeutics to serve as a Class III director for shareholder approval at the 2002 annual meeting of stockholders, also serves as Chairman of the Department of Biochemistry at the University of Oxford, CEO of Oxford University Consulting, and is a co-discoverer of United Therapeutics' iminosugar drug platform and a co-principal investigator under the research agreement with University of Oxford.

Dr. Rothblatt, Chairman and Chief Executive Officer, Paul A. Mahon, Senior Vice President, General Counsel and Corporate Secretary, and Andrew J. Fisher, Vice President, Investor Relations & Deputy General Counsel, are principals of the law firm Mahon Patusky Rothblatt & Fisher, Chartered, which United Therapeutics has retained in the past. In June 2001, Messrs. Mahon and Fisher joined United Therapeutics as full time employees and the arrangement with the law firm for professional services was terminated. United Therapeutics paid the law firm approximately \$318,000 during the year ended December 31, 2001. Dr. Rothblatt has not received any compensation from the law firm.

Unither Pharma, Inc., a subsidiary of United Therapeutics, entered into a lease for office space with Beacon Projects in December 2001. Dr. Rothblatt is the President and owner of Beacon Projects. The lease will expire in December 2003 and requires payments to Beacon Projects of \$6,000 per month (increasing to \$6,600 per month for 2003). The Audit Committee of the Board of Directors approved this transaction based on an independent appraisal without the participation of Dr. Rothblatt. United Therapeutics believes that the terms of these transactions were at least as favorable as terms it could have obtained in arm's length transactions with an independent third party.

Unither Telemedicine Services Corporation, a subsidiary of United Therapeutics, also entered into a lease for office space with Beacon Projects in March 1999 that was terminated in June 2001. Payments under the lease totaled approximately \$44,000 for 2001. The Board of Directors approved this transaction based on an independent appraisal without the participation of Dr. Rothblatt.

In 1998, United Therapeutics entered into a cooperative drug discovery agreement with William Harvey Research Limited. United Therapeutics paid approximately \$205,000 during 2001 under this agreement. Under the agreement, United Therapeutics is required to pay William Harvey a royalty equal to 10% of net sales and license fees that the company earns from discoveries of William Harvey. Dr. Rothblatt is president of William Harvey Medical Research Foundation, an affiliate of William Harvey Research Limited.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires United Therapeutics' directors and executive officers and persons who own beneficially more than ten percent of any class of equity securities of the company to file with the Securities and Exchange Commission initial reports of such ownership and reports of changes in such ownership. Officers, directors and such beneficial owners are required by Securities

and Exchange Commission regulation to furnish United Therapeutics with copies of all Section 16(a) forms they file.

To United Therapeutics' knowledge, based solely on review of the copies of such reports furnished to the company, during the fiscal year ended December 31, 2001, the company's directors, executive officers and greater than ten percent beneficial owners complied with all Section 16(a) filing requirements applicable to them, except that (i) Drs. Kanarek, Walley and Walsh and Messrs. Balda and Kurzweil each filed a late Form 3; (ii) Dr. Gooray and Mr. Samara each filed a late Form 5 with respect to four stock option grants exempt from Rule 16b-3 each received as a director for in-person attendance at Board and Board Committee meetings; (iii) Messrs. Hicks and Miles each filed a late Form 5 with respect to seven stock option grants exempt under Rule 16b-3 each received as a director for in-person attendance at Board and Board Committee meetings; (iv) Dr. Kanarek filed a late Form 5 with respect to one stock option grant under Rule 16b-3 he received; (v) Mr. Balda and Dr. Walsh each filed a late Form 5 with respect to two stock option grants exempt under Rule 16b-3 each received; (vi) Drs. Jeffs and Rothblatt and Mr. Hadeed each filed a late Form 5 with respect to three stock option grants exempt under Rule 16b-3 each received; and (vii) Mr. Mahon filed a late Form 5 with respect to seven stock option grants exempt under Rule 16b-3 he received.

INDEPENDENT AUDITORS

United Therapeutics is presently utilizing the services of KPMG LLP, which has been the company's independent auditors since 1997 and will serve as the company's independent auditors for the fiscal year ended December 31, 2002. Representatives of KPMG LLP will be present at the annual meeting, will have the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions.

INDEPENDENT AUDITORS' FEES

For fiscal 2001 services, United Therapeutics paid KPMG LLP the following fees:

- Audit Fees: \$115,000 for services rendered for the review of United Therapeutics' quarterly financial statements and audit of United Therapeutics' annual financial statements for fiscal 2001.
- Financial Information Systems Design and Implementation Fees: There were no services rendered related to information systems.
- All Other Fees: \$62,000 for the audit of a subsidiary and tax compliance services.

United Therapeutics' Audit Committee has considered and determined that the provision of non-audit services by KPMG LLP is compatible with maintaining KPMG LLP's independence.

These requirements are separate from and in addition to the requirements a stockholder must meet to have a proposal included in United Therapeutics' proxy statement. These time limits also apply in determining whether notice is timely for purposes of rules adopted by the Securities and Exchange Commission relating to the exercise of discretionary voting authority by proxies designated by the company.

All notices of proposals must be given to United Therapeutics' Corporate Secretary, Paul A. Mahon, Esq., whose address is United Therapeutics Corporation, 1110 Spring Street, Silver Spring, Maryland 20910.

The company will furnish a copy of United Therapeutics' Amended and Restated Certificate of Incorporation or Amended and Restated Bylaws to any stockholder without charge upon written request to the Corporate Secretary by the stockholder.
